Totals	0	1	0	1

This Data has been reviewed to assess and improve the effectiveness of the Department's sexual abuse prevention, detection, and response policies, practices, and training.

Identification of problem areas— there were no substantiated findings closed in CY2020

The number of cases reported district wide reported in CY2020 notably decreased from CY2019. Residential facility populations were decreased significantly due to COVID19. The full cause of the decrease in reported cases is unknown.

A PREA Audit expected at the Fort Dodge Residential Facility in CY2020 was postponed until April 2021 due to the operational challenges presented by COVID19.
